VALUEADD SOFTTECH & SYSTEMS PVT. LTD.
Adding Value, Valuing Addition

AI/ML Services

Utilizing cutting-edge technologies and methodologies, we offer a systematic approach to analyze extensive datasets, revealing valuable insights for value creation. Armed with profound expertise in software engineering, business operations, and data analytics, we guide you through the realms of machine learning and artificial intelligence, assisting you in harnessing AI to make meaningful connections.

Process Automation
- Data Engineering
- Workflow Automation
- Data Management & Security

IT & Data
- IT Infrastructure
- MLOps
- Process Monitoring & Management

Data Science
- Descriptive/Prescriptive Analytics
- Product Dashboard
- Data Exploration

AI/ML
- Model Selection & Model Building
- Module Evaluation
- Model Boosting

Empowering your business through AI/ML services.

- Process Automation
- AI/ML
- AI/ML Project Management
- Data Science
- IT & Data

AI/ML Solutions

- Computer Vision
- Recommendation Engine
- Data Visualization/Business
- Dashboards
- Natural Language Processing
- Information Retrieval
- Time Series Modeling
- Product Analytics
- Prescriptive/Descriptive Analytics
- Smart AI Assistants and Chatbots

Clients/Projects

IQARE   STERLING & WILSON   OCR GLOBAL TRADE MANAGEMENT   aspenify connect. innovate. perform.   Got It!   RapidHyre

Business Analytics

Sterling and Wilson Pvt. Ltd. is an EPC solution provider in the infrastructure and energy space in India and overseas. IAQURE (Indoor Air Quality Analyzer) application provides a near real-time dashboard to get a quick glance at devices provided by Sterling Wilson, health of the devices and provides alerts for the same.

ELK Stack   ECHARTS   pandas

Natural language processing (NLP)

RapidHyre is a SaaS application which help HR agencies to leverage power of AI/ML for resume summarization and classification.

learn   spaCy   pandas

Computer Vision

Got It! is an Artificial Intelligence (AI) based, Machine Learning (ML) driven, Image Recognition and E-commerce App that allows you to take a picture of anything you like, and it gives you the option to buy the product immediately from various vendors and e-commerce platforms.

Keras   TensorFlow   learn

Semantic Data Retrieval

Aspenify is an enterprise knowledge management solution. It's information retrieval is being powered by LLM and vector databases like Weaviate/ChromaDB.

OpenAI   Weaviate   LangChain

AI Development Services

01 GENERATIVE AI
Our team of experts has extensive experience in developing Generative AI solutions with advanced capabilities such as GPT4, GPT3, GPT 3.5, Midjourney, and DALL-E.

02 CHATBOT
Our AI services also include AI chatbot development that can be integrated seamlessly across multiple platforms, websites, and apps.

03 AI PRODUCT DEVELOPMENT
Our custom AI and machine learning development services drive innovation and improve operational efficiency while ensuring scalability and reliability.

04 RECOMMENDATION ENGINES
From improved customer satisfaction and retention to increasing the overall revenue stream by offering accurate recommendations for conversions, we can help streamline your business processes like never before.
